

Camp Counselor (Tech-Savvy): Outstanding opportunity!! Summer camp counselors needed to lead computer/technology workshops and supervise children ages 8-17 at one of our day/residential camp locations in Philadelphia, Atlanta, Boston and Chicago. Workshops offer campers the chance to explore programming, unleash creativity and discover building skills. Staff responsibilities include instructing children in technology/computer based workshops, demonstrating enthusiasm for traditional camp activities, having fun and being a positive role model in the life of a child. All positions are paid and include room and board. **Qualifications:** Competency to teach technology-related and recreation workshops to children. Applicant must be able to teach one or more of the following classes: RPG Game Design, Strategy Game Design, Action Game Design, Web Design, Flash, Sprite Comics (MS Paint/Photoshop), 3D animation (3D SMax), Microsoft Office, Lego Robotics, Computer System Configuration, Networking, RC Cars, BASIC, C++, Perl, Java, and video game programming. Ability and desire to be a positive role model in a day/overnight camp environment. Ability to work on a team. Must be 18 and/or have graduated high school. Ability to perform job with reasonable accommodations. Please visit our website at www.computercamps.com and download the staff application at <http://www.regonline.com/Checkin.asp?EventId=86826>. Contact 877-248-0206 or jobs@computercamps.com, if you have any questions or would like more information.
